SUMMARY

I'm a good Web designer, Programmer, and Artist I'm so interested in the arts and coding. I have always been curious and loves to see and explore the world, learn new technologies. My dream is I want to achieve something in whatever field I will be and make a revolution in the technology world.

EDUCATION

Bachelor of Technology in Information Technology
2019/09 - 2023/08

- Graduating from Vel Tech Multi Tech Dr. Rangarajan Dr. Sakunthala Engineering College.
- CGPA : 8.05 out of 10 (Till 5th semester).

EXPERIENCE

Internship in Java with Uniq Technologies (off-line)
2022/02 - 2022/03

- Acquired Advanced Java like (Exception Handling, Collections, and JDBC).
- Build a fully functioning responsive website using HTML, CSS, JS as Front-end and Java, SQL as Back-end.
- I learned to be a team player.

PROJECTS

A University website portal (Moordale Secondary School)

Duration: one month

Technologies Used: front-end: (HTML, CSS, Javascript), back-end: (Python, SQL).

- This Moordale Secondary project is a fantasy college on Netflix.
- I was inspired by the name and put together a website.
- It includes a home page, a gallery page, a student session, an enrollment page, a course page and a staff page.

Full details and source code of the project can be found at the link.
